Top Gun is an acrylic coated, 100% woven polyester fabric (600 denier) utilizing a proprietary formula and process to coat the top and bottom, allowing the fabric to be completely reversible. As the flagship product in the Top Gun family of premium coated fabrics, it is characterized by excellent strength, durability, tear and abrasion resistance, dimensional stability, UV and mildew resistance, making Top Gun the ultimate coated fabric. Top Gun can be used for many outdoor applications such as marine tops, trailer covers, gazebos, canopies, tarps, playground equipment covers, BBQ grill covers, patio furniture, and many other useful applications.

Top Gun, often imitated, never duplicated.
