

One of our newest product offerings:

**VICAR<sup>®</sup>**

## PATTERN PLASTIC

This dimensionally stable and opaque material is readily available and affordably priced. This material even received a *stamp-of-approval* from AutoMetrix for use on their cutting tables because their proprietary camera system can pull out the pattern automatically without having to digitally trace it for quick and precise cutting.

*-6 ft wide 100 yd roll*

**Product #: 57-070-6**

*-12 ft wide 50 yd roll*

**Product #: 57-070-12**

(Folded for Shipping)
