● LIFESTYLE COLLECTION
● SETA CRUDA

LIFESTYLE COLLECTION

LIFESTYLE COLLECTION • A superior standard of research

In-depth research into colors and styles has prompted us to create truly exquisite fabrics. The sophisticated final effect is provided by even more beautiful hues, bursting with vitality and enhanced by elaborate textures.

EFFETTO SETA CRUDA

SETA CRUDA • The return to the natural beauty of imperfection

A combination of textures which, thanks to a special process, enhance the design of these fabrics with details that are naturally uneven.

TEMPOTEST VISUALIZER USA

Tempotest Visualizer uses the innovative technology of virtual reality to take the guess work out of choosing your awning style and pattern. We make it simple to visualize the right Tempotest fabric for your home or business.

For Apple and Android

SYMBOL

Solar heat protection

Solar light protection

Protection from U.V. rays

Ratio between the total solar energy transmitted into a room through a solar protection device/window system and the incident solar energy

The technical and performance data are available on tempotestusa.com

* Please note: The underside of the Tempotest® Coated goods may appear darker when compared to the topside of the fabric depending on color. The coated side should be installed on the inside.

**Black (T24-80), Burgundy (T73-80), and Forest Green (T5-80) available in 80" width.

Man has always been fascinated by the cosmos and within the immensity of the Universe, only one star represent life...THE SUN. Our celestial source of heat and light. It brightens up the sky and watches over the earth from a unique point of view. The point of view that inspired the New Tempotest Collection. The View from the Sun.

Parà has reinterpreted colors, textures, and patterns to reveal the secrets of this broad and balanced perspective.

TECHNICAL FEATURES

Composition	Width (UNI EN 1773/98)
100% solution-dyed acrylic fiber	47" 60" 80"
Weight (UNI EN 5114/82)	Water Column (UNI EN 20811)
8.8 oz/yd ² (+/- 5%) Coated: > 9.7 oz/yd ² (+/- 5%)*	≥ 15" Coated: > 39.4"*

Tempotest fabric meets all requirements of paragraph 15.2 of UNI EN 13561:2009

The data corresponds to the material at the moment this technical data sheet is printed. Parà reserves the right to make changes to improve the product technologically. The updated technical data is available at tempotestusa.com.

* Tempotest Coated Fabrics are treated with an acrylic resin on one side, effectively waterproofing the material.
